

13th December 2022

Reference – Captain Robert Hickman

Robert Hickman was employed as Captain from the 16th June 2016 to the 03rd November 2022 under Edmiston Yacht Management on-board the following vessel;

- Motor Yacht WHITE STAR (**49.9m**), IMO: 9323663, Official No.: 737357, Cayman Islands – Private Registry

During his time onboard in the capacity of Captain, Robert maintained the vessel to an admirable standard. He was entirely dedicated to the Owners and vessel. He was knowledgeable and carried out all duties in the capacity of Master in a calm and professional manner.

The crew on board operated smoothly under his command, he was communicative with all involved in the program and a team player – he did not hesitate to reach out for support and respectfully considered other viewpoints prior to action where necessary.

Robert was fully proficient with accounting, and all statutory certification & legislation.

The program consisted of extended summer seasons with the Owners on-board, and shipyard maintenance/refit periods during the vessels' winter months.

Robert was a pleasure to work with, his continuous hard work and effort was greatly appreciated. A positive approach to any given situation was carried throughout.

Should the opportunity arise in the future to welcome him back into the Edmiston fleet, we would be happy to do so.

Please do not hesitate to contact me should you require any further information.

Yours Sincerely,

EDMISTON & COMPANY
